

MIKES TRANSPORT WAREHOUSE - PROUDLY NEW ZEALAND OWNED & OPERATED

MTW WORKSHOP ESSENTIALS

MTW WORKBENCHES

- State of the art.
- Heavy Duty.
- Made from quality materials.
- Reinforced corners for vice mounting.
- Foot tabs for securing to floor.
- Available in blue, black and red.

MTW 5 DRAWER WORKBENCH

435L, 1630mm (L) x 1123mm (H) x 816mm (D)

IN STOCK!

MTW 7 DRAWER WORKBENCH

590L, 2200mm (L) x 1100mm (H) x 810mm (D)

IN STOCK!

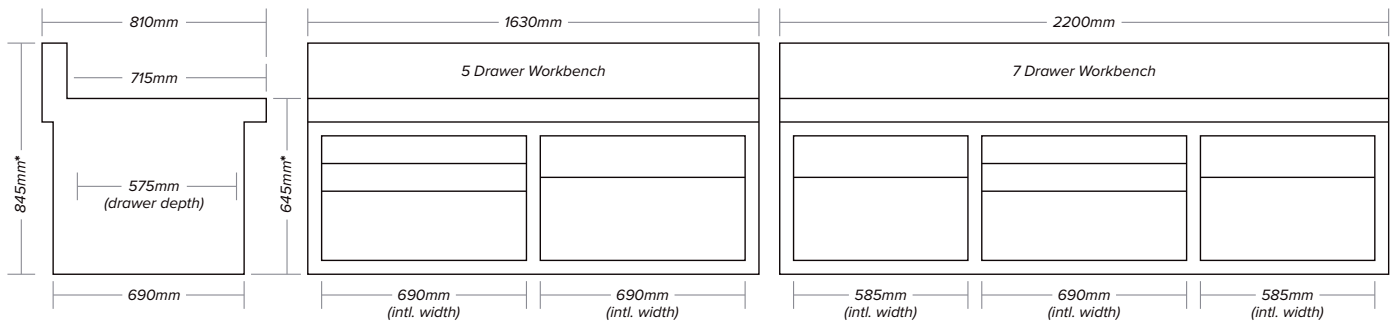

Perfect for keeping all your tools organised and safe.

The MTW workbenches have tough, heavy-duty bodies and are finished in gloss powder coating that looks fantastic.

Available with 5 or 7 drawers, each has huge storage space and included EVA foam drawer liners, ideal for a large tool collection. With a lock and two keys included, you'll be able to rest easy knowing your tools are safe.

Features

- Durable gloss powder coating finish available in 3 bold colours.
- An extremely heavy duty construction: 5 drawer has an empty weight of 250kg; and the 7 drawer has an empty weight of 350kg.
- Load capacity of 1 tonne: 3mm steel plate body, with reinforced 6mm steel plate corners for mounting vices or other tools.
- Drawers have alloy handles and ball bearing sliders: small drawers have sliders rated for 70kg; the large drawer(s) have double sliders to accommodate for larger storage volume.
- Single lock barrel secures all bench drawers.

*Drawing heights shown represent the workbench bodies only - excluding the 278mm removable legs.

NZ'S LARGEST HAZARD GEAR RANGE!

GROUND PROTECTION MATS

THE MOST EFFECTIVE GROUND PROTECTION SYSTEM.

Easy installation - No tools Required! Providing access over difficult terrain. Create temporary roadways for vehicles and equipment, perfect for industrial applications. Comfortably move pneumatic-wheeled equipment up to 80 tons.

Material	High Density Polyethylene
Dimensions	12.7mm x 2440mm x 1100mm
Cleat Height	7mm
Colour	Yellow
Pattern	Chequer One Side, Hex One Side

MAT CONNECTORS

For muddy and flooded areas, mats should be linked with **metal connectors**. Each mat has connection holes that allow the mats to be connected **side-by-side or at 90-degree angles**.

***EIGHT CONNECTION HOLES.
ONE AT EACH CORNER.
TWO ON EACH CENTER OF
THE 8FT SIDE.***

SAFER WORK SITE SPEED MANAGEMENT

MTW RADAR SPEED LIMIT SIGNS

MTW Solar Powered Radar Speed Limit Signs offer a high visibility, programmable speed display for use in a variable speed zone. The sign uses high intensity green and red LED display. Utilising the latest electronic hardware and software technology, the sign displays bright, clear and concise speed limits, variable at user's preference.

- Constructed with an industrial design for durability.
- Programmable in 5km increments.
- Transportable design.
